

"Safe Travels"

ITNBluegrass
Dignified transportation for seniors

April 2018

Letter from the Executive Director....

I want to introduce myself to you. I joined ITNBluegrass in March as the new Executive Director.

Prior to ITN, I made my career in education, focusing my attention on helping under served populations. When it was time for my next career move, I decided to seek a position in the senior services sector. My own parents' aging has opened my eyes to the challenges seniors face as they strive to maintain active, independent lives. Joining ITN seemed a perfect way to contribute to a cause that is important to me.

This is an auspicious time to be joining ITNBluegrass. We are drawing close to 75,000 rides at the same time that our national organization, ITNAmerica, is close to hitting the millionth ride. I look forward to marking these milestone along with our 10th anniversary and planning for our next phase as we drive ITNBluegrass into the future.

Sincerely,
Jennifer Gripshover
